

16 EXT. ROAD - NIGHT

SURESH and the mute BUM are surveying the accident spot - the two men from the front of the car are dead. The car's blinking sidelight lights up SURI's bleeding face, who lay on the road almost dead. SURI barely musters the strength to ask them for help. The mute BUM wants to, but SURESH stops him, and points at SURI...or rather his gold ring.

17 EXT. RUINED TEMPLE - NIGHT

The bums are rummaging through their loot - jewelry, money, cell phones, and the green briefcase. SURESH opens the briefcase and finds a curious-looking antique idol. He thinks it is worthless, and gives it to the mute BUM, grabbing the rest. The BUM gratefully accepts it, immediately playing with it like a toy. Police sirens can be heard from the highway.

SURESH is perturbed. He pockets as much loot as possible and scrambles. The BUM has the idol and the green briefcase with him.
